SMALL TABLES

2014

Edward Barber & Jay Osgerby

Description

Multipurpose tables with lacquered cylindrical bases that taper in slightly at the bottom smoothing out their geometry. There are two oval variants accompanied by a third with a round shape. All have a marble top with a raised edge resembling a tray. A formal exercise is created through the combination of different materials, the contrast between the hardness of marble, soft design and minimal details giving the illusion of imperceptible movements of form.
