

Febo

2008

Antonio Citterio

Description

Febo is a family of seats that carries with it the memory of a traditional design distinguished by a large enveloping back without armrests. The sofas, available as two-seater or three-seater, come in two sizes: a smaller one with low or high seat cushion and a larger one. The upholstery is in fabric or leather with visible blanket stitching. The base-frame and legs are in solid wood and are also available in a single-material version, covered in fabric or leather like the cushions.

Technical information

Internal frame

tubular steel and steel profiles
