

Harbor

2017

Naoto Fukasawa

Description

Enveloping and sinuous, the Harbor armchair with armrests stands out for its sculptural design. It comes in two ergonomically designed versions: a relaxing armchair with a high backrest and headrest, and another with a low back fostering conversation. Both come with a swivel base and a visible metal zipper on the rear of the backrest, allowing the cover to be removed. The series also includes a footrest.
